

FEBRUARY 2026 NEWSLETTER

CO-PRESIDENTS' MESSAGE - DEB NEWTON and DEB MANGELLI

We welcome a new year as a **4-Star Branch of AAUW**, reaffirming our mission to empower women through education, equity, opportunity, and economic security for all women. While each year brings its own challenges and setbacks, we can look to the women who led the way for passage of the **19th Amendment** and secured our right to vote—passed in 1920 and unanimously upheld by the Supreme Court in 1929—as inspiration. We are also reminded of the first proposal for pay equity in 1955, when women working full time earned just **65 cents for every dollar earned by men**.

Progress followed with the **Equal Pay Act of 1963**, which amended the Fair Labor Standards Act to prohibit sex-based wage discrimination, and later the **Lilly Ledbetter Fair Pay Act of 2009**, which expanded the time frame for employees to sue for pay discrimination. Yet pay equity remains an ongoing issue. **Equal Pay Day for 2026 is projected as March 4th**, symbolizing how far into the year women must work to earn what men earned in the previous year.

How can we close this gender gap? While opportunities for women have expanded over the years, women remain underrepresented in key **Science, Technology, Engineering, and Math (STEM)** fields that often offer higher pay. One such field is **cybersecurity**, which has evolved into a critical industry by protecting personal data, ensuring the safety of online purchases, and safeguarding our communities in the digital world. Despite its rapid growth, women continue to be underrepresented in this field.

As Emily Mossburg, Cyber Leader at Deloitte, notes:

“We recognize that the cybersecurity industry needs a diverse set of minds, perspectives, and experiences to tackle the complex challenges we face. It’s not just about filling a quota; it’s about leveraging the unique strengths women bring to the table—problem-solving skills, a collaborative approach, and an unwavering commitment to making a difference.”

To help raise visibility for this important industry, our branch will host a **special program on Cybersecurity and Threat Awareness** featuring guest speaker **Kristi Farrow**, Assistant Professor of Cybersecurity at **Community College of Beaver County (CCBC)**.

The program will take place on **Saturday, February 7, 2026, at 10:00 a.m.** at **Vanport Presbyterian Church**, 289 Georgetown Lane, Vanport. Guests are welcome to attend.

In an era of increasing internet scams and digital threats, this presentation will offer valuable information on how individuals can better protect themselves online. Lastly, in raising awareness of cybersecurity careers for women, Ms. Mossburg of Deloitte further reminds us, *“If you can see her, you can be her.”* Please consider bringing a young woman to this program—not only to benefit from essential online safety information, but also to explore a viable and rewarding career path.

Checks will be printed and mailed to Nancy. Make sure to allow enough time for the check to arrive before the deadline.

CREDIT CARD / DEBIT CARD / PAYPAL PAYMENTS

Our branch is now able to accept credit and debit card payments as well as PayPal transfers. There is a Donate button on the main page, the About Us page, and the Kitchen Tour page of the website. Members and friends of AAUW Beaver Valley may use this button at any time to submit donations.

We also now accept credit card or debit card payments made online for our branch activities. There will always be a link on the website when we begin to advertise an event. Just follow the directions.

There is always a small processing fee for these payments. However, when you consider the cost of a stamp and the time to write a check and prepare an addressed envelope, it is worth it! Payments were accepted for our fall brunch, Christmas luncheon, and spring luncheon, and many members took advantage of it.

If anyone has a PayPal account, money can be sent directly to our branch PayPal account without a fee. See Nancy for directions.

There are buttons on the website to pay dues.

2025 EDUCATION SUMMARY – ROSE HOMISH

1. As the PA state budget finally passed, \$565 million went to an increase into adequacy & tax equity.
2. \$145 million went to Basic Education & Special Education funding increase.
3. There is no new taxpayer funded voucher program.
4. \$78 million cyber charter school savings & reform.
5. Enhanced truancy, attendance & wellness checks of students.

Education Voters of PA, an education advocacy group has been relentless over the last years in its pursuit of cyber charter school reform. After lawmakers finally listened to activities like the 'Waste of the Week' and its exposure of Cyber Charter schools using tax dollars for social media ads, luxury retreats, gift cards & give aways and streams of expenses having nothing to do with student learning, Harrisburg has enacted reforms that will reset the Cyber Charter school industry. School district payments will drop by \$178 million to Cyber charter education. New requirements for attendance, truancy, residency, & wellness checks will reshape how Cyber charter operates.

Science of Reading Adoption: PA schools are required to adopt reading curriculums backed by research and to create additional instructional resources for teachers. Students must have access to instruction in phonics, decoding, fluency, vocabulary, & comprehension. This is a push to follow research-based reading since 1 in 3 (4th graders) could not read at proficiency on national tests. Though no specific curriculum is named, the programs adopted must

be backed by evidence following the success of the “Mississippi Miracle” approach.

AAUW alert: Request to call on Congress to conduct oversight of the Department of Education to block unlawful transfers of funds & functions of K-12 & higher ed to other agencies.

On a local note: the Moon Area School District has created a **Club Hope**. It is a student-led grief support group that helps students heal after losing a loved one. It started with 6 students but is now a thriving community with the belief that no one should face grief alone. The concept has spread to other districts.

Mediterranean Orzo Salad

Several members inquired about the Orzo Salad served at our December meeting. Roberta was kind enough to share the recipe.

Ingredients

- $\frac{1}{2}$ (16 ounce) package uncooked orzo pasta
- $\frac{1}{2}$ pint cherry tomatoes, halved
- $\frac{1}{2}$ cup diced red onion
- 1 cup diced cucumber
- 1 cup pitted Mediterranean olives, cut in half
- 1 cup finely diced Asiago cheese

Vinaigrette:

- 1 $\frac{1}{2}$ teaspoons minced fresh garlic
- $\frac{1}{2}$ cup extra-virgin olive oil
- $\frac{1}{2}$ cup red wine vinegar
- $\frac{1}{2}$ lemon, juiced
- 1 teaspoon salt
- $\frac{1}{2}$ teaspoon ground black pepper
- $\frac{1}{4}$ cup chopped fresh basil
- 2 tablespoons chopped fresh parsley

Directions

1. Bring a large pot of lightly salted water to a boil. Cook orzo in the boiling water, stirring occasionally until tender yet firm to the bite, about 9 minutes. Drain well. Rinse with cold water and drain well again.
2. Combine orzo, cherry tomatoes, red onion, cucumber, olives, and Asiago cheese in a large bowl.
3. To make the vinaigrette: Whisk garlic, olive oil, red wine vinegar, lemon juice, salt, and pepper together in a small bowl; drizzle over orzo mixture and toss lightly to combine. Add basil and parsley and mix well. Let sit for 20 minutes for flavors to blend, stirring occasionally.

Can You Make Orzo Salad Ahead of Time?

Yes, this orzo salad is a great make-ahead dish. Since the flavors need time to meld in the fridge, it might actually make more sense to make it a day or two in advance.

Cook's Note

If you make this salad in advance, reserve a bit of the dressing to add right before serving, as the pasta tends to soak up the dressing as it sits over time.

This salad pairs well with grilled lamb or fish.
